Croatian Medical Association

## IX. MEETING of Interventional Radiologists of Croatia with international participation

Dear colleagues, dear friends, and associates,

Interventional radiology today is constituent, expert part of other clinical professions in the treatment of numerous pathologic conditions. It is precisely the cooperation between many professions that is of key importance in our everyday work and approach to numerous challenges. The Section for Interventional Radiology of the Croatian Society of Radiologists (sIRcro) traditionally organizes biannual international meetings. Therefore, it is my particular pleasure to inform you, on behalf of the Management Board of sIRcro, that in the period between April 26<sup>th</sup> and 28<sup>th</sup> 2013 Trakošćan shall be the venue for the

### IX. Meeting of Interventional Radiologists of Croatia with international participation - sIRcro 2013

The organization of this Meeting comprises: a) invited and self-registered lectures by international and Croatian experts, b) educational workshops for interventional radiologists, c) satellite cycle of lectures of young interventional radiologists, d) satellite cycle of lectures of medical technologists (engineers of radiology) and nurses, e) separate thematic cycles i.e. "round tables". With the selection of themes and manner of organization of the round tables we wish to emphasize the importance of mutual cooperation between different clinical professions. The organization cycles of the round tables include introductory lectures by international and Croatian experts in interventional radiology, and subsequently presentations of everyday problems of certain participants coming from other clinical professions. The aim of such concept is **affirmative** comprehension of the differences that exist in treatment possibilities. With this aim in view, in addition to interventional radiologists, experts from related specialties (cardiology, gastroenterology, oncology, angiology, pulmonology, gynecology, neurology, vascular surgery, cardiac surgery) shall participate as well.

We also hope to host the representatives of patients' associations, the Croatian Institute for Health Insurance, the Ministry of Health of the Republic of Croatia...

I hope you will recognize the importance of this Meeting. On behalf of the MB of sIRcro, and on my personal behalf, I welcome you.

Respectfully,

**Asst. Prof. Vinko Vidjak,**  
**President of the Section for IR of the Croatian Society of Radiologists (sIRcro),**  
**President of the MB of sIRcro 2013**

### List of guests, participants of sIRcro 2013

Dr. Andrej Schmidt, *Leipzig Hart Zentrum, Germany*  
Prof. Liana Cambj Sapunar, *KBC Firule, Split, Croatia*  
M.Sc. Dimitrij Kuhelj, *KBC Ljubljana, Slovenia*  
Dr. Jan Raupach, *Hradec Králové, The Czech Republic*  
Prof. Bojan Biočina, *KBC Zagreb, Croatia*  
Asst. Prof. Ivo Lovričević, *KBC Sestre Milosrdnice, Zagreb, Croatia*  
Asst. Prof. Maja Strozzi, *KBC Zagreb, Croatia*  
Prof. Okan Akan, *Ankara, Turkey*  
Dr. Karlo Novačić, *KB Merkur, Zagreb, Croatia*  
Asst. Prof. Tajana Filipec Kanižaj, *KB Merkur, Zagreb, Croatia*  
Asst. Prof. Ana Mrzljak, *KB Merkur, Zagreb, Croatia*  
Asist. MSc. Peter Popović, *KBC Ljubljana, Slovenia*  
Prof. Boris Brkljačić, *KB Dubrava, Zagreb, Croatia*  
Prof. Mladen Knotek, *KB Merkur, Zagreb, Croatia*  
Prof. Bojan Jelaković, *KBC Zagreb, Croatia*  
Academician Davor Miličić, *KBC Zagreb, Croatia*  
Prof. Krešimir Galešić, *KB Dubrava, Zagreb, Croatia*  
Dr. Marco Manzi, *Abano Terme, Padua, Italy*  
Prof. Lea Smirčić Duvnjak, *KB Merkur (KZZD), Zagreb, Croatia*  
Dr. Lidija Erdelez, *KB Merkur, Zagreb, Croatia*  
Asst. Prof. Ljiljana Banfić, *KBC Zagreb, Croatia*  
Prof. Marko Radoš, *KBC Zagreb, Croatia*  
Prof. Vanja Bašić Kes, *KB Sestre Milosrdnice, Zagreb, Croatia*  
Dr. Firas Al Ali, *Kalamazoo, USA*

Prof. Istvan Battany, *KB Pesch, Hungary*  
Asst. Prof. Ingrid Prkačin, *KB Merkur, Zagreb, Croatia*  
D. Sc. Dražen Perkov, *KBC Zagreb, Croatia*  
Asst. Prof. Vinko Vidjak, *KB Merkur, Zagreb, Croatia*

### Preliminary agenda by days

#### FRIDAY, APRIL 26<sup>TH</sup> 2013:

- registrations
- invited and self-registered lectures (8´)
- workshops
- satellite symposium of lectures of young interventional radiologists (8´)

#### SATURDAY, APRIL 27<sup>TH</sup> 2013:

Cycle of round tables, 75´ with current topics:

TEVAR-EVAR / IR, BTK, and diabetes / IR, Renal denervation-RDN / IR, HCC / IR, CCSVI-MS / IR, DVT and vena kava filters / IR

Round table concept:

- two introductory lectures, lectures of international and Croatian experts' (8´ + 8´)
- 4-5 round table participants – thematic overview of a problem (5´ x 4-5)
- discussion (25-30´)

#### SUNDAY, APRIL 28<sup>TH</sup> 2013:

- satellite symposium of radiology technologists and IR instrument nurses (duration of exposition 8´)

The MB of sIRcro 2013 does not exclude possible changes in the agenda of the Meeting and the planned themes – depending on the final situation in the organizing of the Meeting.

The MB of sIRcro 2013 preserves the right to select the themes among the ones registered. The themes and the normative time framework of the workshops are agreed with the organizer.
